BIOGRAPHY

Award-winning composer Michael Csányi-Wills has written works ranging from chamber music to choral and orchestral works to film scores. He was composer in residence with the Welsh Sinfonia from September 2013-2016. His recent orchestral works have been widely performed throughout the UK and commissions have taken him around Europe, Australia, China, and the USA. Recent recordings of his works for Toccata Classics, recorded by the Ukrainian Festival Orchestra and by the Londamis Ensemble, were released to critical acclaim.

Michael has written scores for over 40 films including documentaries such as "The King of Nerac" and "Maestro", a feature documentary about conductor Paavo Järvi. Recently, he composed the score for the feature drama "Sideshow", starring Les Dennis and Anthony Head, released in UK cinemas in 2022. The "Sideshow" soundtrack was released by Movie Score Media, also in 2022. Last year, Michael also created the soundtrack for the video game "Wallace & Gromit in: The Grand Getaway".
