## BIOGRAPHY

Carter Armstrong has provided full-service music supervision for clients such as NBCUniversal, Lionsgate Films, Warner Bros. Pictures, and others. Clean communication, effective guidance, creative execution and efficiency are hallmarks of Armstrong's work.

As Head of Music at Lionsgate Entertainment Carter oversaw music for more than 20 films including *La La Land*, *The Hunger Games: Mockingjay Part I and Part II*, *Divergent* and *Insurgent*. As Senior Vice President, Music at Warner Bros. Pictures, he oversaw the music for more than 70 Warner Bros. films including *Argo*, *The Hangover* series, *Syriana*, and *Contagion*. As the head of Film & TV for Peermusic publishing, Carter spent 7 years applying his experience to the selling side of the equation to provide the right music from the Peer catalog to countless projects across myriad major outlets.

More recent supervision projects include *Valiant One* from Monarch Media (Chase Stokes and Lana Condor), rising cult horror film *The Djinn* and *The Boy Behind the Door* (both films on which Carter was also a producer) and others.
