BIOGRAPHY

Erran Baron Cohen's scores for the 'Borat' series, 'Brüno', 'The Dictator', 'The Brothers Grimsby', Showtime's 'Who is America' and BAFTA-Nominated hit 'Stath Lets Flats' showcase his talent as a multi-faceted musical storyteller.

He delivers strong action, suspense, emotion, grandeur and comedy.

Erran has received numerous Composer Awards for his scores, and his song "Wuhan Flu" from 'Borat Subsequent Moviefilm' was Oscar shortlisted. It's worth noting that his album "Erran Baron Cohen Presents: Songs in The Key of Hanukkah" is a reliable staple during the holiday season each year.
